

<b>IR Sauna/Salt Cave.....</b>	<b>\$100.00</b>
<p>Detoxifying the body through increased perspiration, infrared saunas also support cardiovascular health and alleviate symptoms related to pain, arthritis, and fatigue, among many other ailments. Infrared sauna is beneficial on its own, but pairs remarkably well followed by a Salt Cave session!</p>	

<b>Breast/Butt Enhancement by Stimulation Cupping.....</b>	<b>\$300.00/area</b>
Used on the breast tissue to stimulate collagen, improve skin texture and tone, and increase blood flow to the breast which may offer the plumping effect or fuller looking breasts.	

**ThermiVa Vaginal Rejuvenation** ..... \$7,950.00 four treatments  
A radiofrequency-energy device that's commonly used for vaginal rejuvenation. Like other energy devices, it's not yet approved by the FDA for this purpose, but doctors on RealSelf say it can tighten the vagina, increase moisture and sensation, plus help with stress urinary incontinence.

**RejuVAnate Vaginal Treatment** ..... \$500.00/treatment  
Millions of women suffer the frustrating (yet common) conditions of vaginal dryness, itching, and burning, resulting in painful intercourse, issues of vaginal lubrication, vaginal atrophy, and urinary incontinence. Vaginal conditions may be improved by a series of three RejuVAnate laser treatments, each lasting no more than five minutes.

**CO2 Labia Treatment** ..... \$750.00/treatment  
Treated tissues respond by making new collagen, becoming firmer and thickening the mucous layer.  
These effects may improve common issues such as mild sagging in the labia.

<b>Colon Hydrotherapy</b> .....	<b>\$300.00/treatment</b>
Hydrotherapy of the colon, also known as colonic cleansing or irrigation, uses water to flush waste out of the large intestine. The colon (large intestine) absorbs water and salts from waste material that has traveled through the body. Bacteria break down the remaining material, which then exits the body.	

<b>BEMER Cardiovascular Mat .....</b>	<b>\$100.00/visit</b>
<p>The BEMER is known to enhance the nutrient and oxygen level in the body. It increases the general blood flow in the body by repairing the corpuscles aiding in correcting the mechanism of the body and proper waste disposal. Cardiac functions become flawless and the heart stays healthy. The client feels energetic throughout the day.</p>	

**Foot Detox IonCleanse® Premier™** .....\$50.00/treatment  
Through the electrolysis of the water, purify the body. Relax with your feet in the footbath for about 30 minutes. Healthy individuals can expect to feel lighter and experience a greater sense of well being.

**IV Drip Therapy** ..... \$235.00/session • add ons available \$50.00-\$100.00  
On-demand vitamin-infused blends to optimize repair, recovery, and rehydration on the cellular level in the comfort of your home, hotel, or office. Our science-backed therapies and formulations are created and perfected to address a variety of symptoms such as anti aging, skin lightening, dehydration, weight management, low libido, hangovers, low energy, jet lag, migraines, nausea, and other ailments.

**IV Minerals & Vitamins by Sub Q Injections.....\$100.00/injection • \$39.00/each add-on**

<b>Therapeutic Oxygen Bar .....</b>	<b>\$78.00</b>
Inhaling purified oxygen can offer the following benefits: improved mood, increased energy levels, improved focus/concentration, improved sports performance, lowers stress levels, pain relief from migraines and headaches, and help to promote better quality sleep.	

**B12 and B Complex Injections .....\$90.00**  
 Vitamins administered by injection are absorbed into the body quicker and are usually given to people who require higher levels of energy to perform various activities. B Complex injections may be used to treat B Complex deficiencies such as anemia, dermatitis, difficulty in assimilation, increased fatigue, psoriasis, neuritis, and stomatitis, to name a few. If used for long periods (or taken in improper/high dosages), side effects could occur.

**CryoClear® Growth or Lesion Removal** ..... \$75.00/spot  
A cutting edge method to treat age spots, sun spots, and skin tags. You'll be amazed at the reduction in treatment time and drastically improved results. Removal of unwanted growths (excludes moles).

**Vein Removal Treatment by Spectrum YAG Laser .....** \$250.00 one 15-min. treatment  
 \$350.00 four 15-min. treatments

A minimally invasive procedure that uses laser light to target and destroy unwanted veins. The laser light is absorbed by the blood in the vein, causing it to heat up and coagulate. This seals off the vein, preventing blood from flowing through it. The body then naturally reroutes the blood to other veins, and the damaged vein eventually disappears.

**Sclerotherapy.....\$300.00/spot (under 3mm)**  
A medical procedure used to eliminate varicose and spider veins. Sclerotherapy involves an injection of a solution (generally a salt solution) directly into the vein.

**Vein-Go KTP Growth & Lesion Removal by Laser . . . . . \$250.00/one 15 min. treatment •  
\$350.00 four 15 mon. treatments**

Safely targets the pigment and warms the blood vessel without damaging the skin or surrounding tissue. Its 532nm wavelength effectively treats a variety of superficial vascular lesions. Designed to treat spider veins, angiomas, solar lentigines, warts, telangiectasia, dyschromia, benign pigmented lesions, sun damage, and more.

Our philosophy starts with the basic premise that healthy skin is beautiful skin.

**Outstanding Results** — We strongly believe in the importance of pre and post treatment for your skin, preparing it properly for your procedure then keeping it clean, hydrated, and calm afterwards.

**Customized Treatments** — We also know that everyone's skin is unique and requires a customized regimen that addresses all of your issues simultaneously.

INJECTABLES & FILLERS

**XEOMIN®** is especially beneficial in improving the look of moderate to severe frown lines between the eyebrows. Any area may be treated with Xeomin, if muscle movement occurs.

**BELOTERO BALANCE®** is an FDA-approved filler ideal for correcting imperfections in skin texture such as acne scars, wrinkles, furrows, contour depressions, and fine lines.

**RADIESSE®** is a volumizing dermal filler used for smoothing moderate to severe facial wrinkles and folds, such as nasolabial folds (the creases extending from the corner of the nose to the corner of the mouth).

PRP CHEST, NECK & HANDS REJUVENATION INJECTIONS

**PRP Hands, Chest, and Neck Injections.....**\$1,200.00/area  
Platelet rich plasma (PRP) contains a high concentration of cytokines and growth factors and may be used to treat wrinkles, sun damage, scars, burns, acne and other skin conditions.

**Chest and Neck:** The Integrity PRP Kit may be used for skin rejuvenation on all areas of the body including the chest and neck. Medical practices are now offering PRP injections, micro channeling, and microneedling with PRP to maximize results during neck and chest rejuvenation treatments.

**Hands:** Your hands tell a story – age, what type of work you do, how active you are, and more. Hand rejuvenation with PRP injections may be used as a stand alone procedure or mixed with fillers depending on desired results. Used to treat loss of volume in hands, visibility of blood vessels, wrinkles, age or liver spots, and skin texture/appearance.

PRP FACIAL REJUVENATION INJECTIONS

**PRP Facial Injections.....**\$1,200.00/area  
A PRP facial, also known as a “PRP blood facial,” is a non-surgical cosmetic treatment designed to make your face look healthier and more youthful using platelet rich plasma to exploit your skin's natural rejuvenation process. Can be administered using a PRP kit and a microchanneling or microneedling device. Benefits include minimizing acne scars; treatment of crow's feet; enhancing skin tone, texture, and quality; reduces fine lines and blemishes; replaces volume loss; and increases collagen.

LIP, EYEBROW & LASH TREATMENTS

**Lip Rejuvenation by Laser A Qswitch Technology .....** \$500.00/treatment  
Lip augmentation with laser is a new option for those who have a fear of needles. Enhances lips to give them a fuller, more natural appearance through the use of laser energy and the process of collagen regeneration. It is a non-surgical, non-invasive, 15 minute area treatment with minimal discomfort, and minimal risk of change in skin or lumpiness. Results are immediately visible and last for three weeks.

**PRP Eyebrow Rejuvenation.....** \$500.00  
Platelet rich plasma for eyebrows is an innovative new treatment that uses the power of PRP to encourage hair regrowth in the eyebrow area.

**Microblading Natural Eyebrow Strokes.....** \$750.00 includes one touch-up  
Microblading will fill-in eyebrows with tiny, natural strokes. This will help your brows to appear fuller and darker. A great option for those who want the best eyebrow shapes with less makeup maintenance.

<b>Eyebrow Shaping.....</b> \$15.00	<b>Lash Lift &amp; Tint .....</b> \$125.00
<b>Classic Last Extensions.....</b> \$150.00	<b>Lash &amp; Brow Tinting.....</b> \$60.00/area

**Brow Lamination .....** \$60.00  
Brow lamination involves the “perming” of the eyebrow hairs to provide a fuller, more even look. It can also help keep them in place after washing off any cosmetics.

HAIR REGROWTH & RESTORATION

**PRP Hair Restoration.....** \$3,500.00 three visits • \$400.00/each additional visit  
Platelet rich plasma (PRP) therapy has become popular as an effective treatment for hair loss. The platelets' number of growth factors, when injected into the scalp, stimulate hair growth by encouraging rejuvenation of follicles and extending the hair growth cycle. PRP hair restoration is used to treat thinning hair, patches, Alopecia, receding hairline, bald spots, widening part, and hair shedding. Those who receive PRP therapy during the early stages of hair loss tend to see the best results. Anyone experiencing any form of hair loss is essentially a good candidate for this treatment. Contact a medical professional to see if PRP scalp injections are right for you.

**Sunetics Hair Regrowth LED Laser .....** \$600.00 six treatments • \$1,200.00 12 treatments  
The Sunetics Laser uses low level laser therapy to stimulate the hair follicles, healing them, and helping them to regrow into thick, normal sized hairs. Our FDA-cleared technology offers no pain, no drugs, no surgery, and no side effects.

**FIT Bodywrap®.....** \$50.00/treatment  
A single service can help you detoxify, lose weight, reduce cellulite, and improve your skin.

**Fat Dissolving Injections**  
Small, medium, and large spot available. Full Body Spot..... \$1,580.00  
Mesotherapy and fat dissolve or a regional intradermal therapy consists of intradermal or subcutaneous injections. A series of injections administered in the area(s) to target cellulite , fat pockets, lipomas, and or weight gain in general to all areas of the body. Choline substance is injected into, but not exceeding, 12 injections to site unless large area requested.

**UltraShape® Power .....** \$2,850.00/spot or area  
UltraShape® is the first and only FDA-cleared, non-invasive body-shaping procedure to use focused, pulsed ultrasound energy to selectively destroy fat cells. Unlike liposuction, UltraShape® is non-surgical, which means no incisions, no anesthetics, and no recovery time. Unlike other fat-reduction procedures that use heat or freeze fat, UltraShape® is virtually painless and leaves no unwanted signs of treatment. Smooth results are seen as quickly as just two weeks after the first treatment.

**BodySculp**  
BodySculp features four diode laser applicators, which deliver laser energy that effectively penetrates into the hypodermis to target adipose tissue without harming the skin's surface. The disrupted fat cells are then eliminated through the body's natural lymphatic system, resulting in fat reduction. Each diode laser applicator is equipped to achieve lipolysis as effectively, safely, and comfortably as possible.  
Each Flank (two applicators)..... \$1,600.00 one treatment  
Belly + Each Flank (four applicators)..... \$3,200.00 one treatment  
Each Outer Thigh (two applicators)..... \$800.00 one treatment  
Arms (two applicators)..... \$2,400.00 one treatment

**BodyTone .....** \$500.00/area  
A unique muscle strengthening and toning device that uses bio-lectric energy pulses to exercise muscle groups to prevent muscle atrophy. Through muscle re-education, the BodyTone strengthens, sculpts, and tones weak muscles, helping patients rebuild muscle mass. Non-invasive, no downtime.  
• Treat multiple areas in one setting – quick procedure (30-minute treatments).  
• Stimulates muscles using multiple waveforms to create muscle confusion and achieve muscle growth.  
• Hyper-contracts muscles to exceed what patients can achieve at a fitness center.  
• Strengthens, tones, tightens, and defines specific muscle groups. Builds mass and helps muscle growth.  
• Can be used on abdomen, buttocks, thighs, and biceps.

**Lymphatic Drainage Pressotherapy .....** \$2,000.00 six treatments  
Because the lymph is important for the proper functioning of the immune system, enhancing its flow through lymphatic drainage has many benefits. Reduced retention of liquids helps to fight infections, improves GI function, skin texture, reduces cellulite, and helps reduce scar tissue and stretch marks.
